

**Directions**  
 From Hwy. 180, turn onto Hwy. 211 in the town of Cliff. After .9 miles, take a left onto Hwy. 293, also signed as "Box Canyon Road."

**Gila River Farm**  
 Drive 4.1 miles. After mile marker 4 sign, take a right into a driveway, with a "Gila River Farm" sign and numbers "426" on the fence post. Follow the driveway straight and park in the parking area. A trail map of the farm is posted on a kiosk in the parking area.

**Gila Riparian Preserve**  
 Continue approximately 2 miles, until you reach the end of the road. The pavement will end and become dirt on Gila National Forest land. The road terminates at the Gila National Forest Box Canyon Campground. Park here and walk north, across Mogollon Creek to access the Gila Riparian Preserve. An old road parallels the river, or you can walk through the riparian forest.
