

Directions:
 Drive south 2.1 miles on Hwy. 61 in the Mimbres Valley. Turn left at a mailbox that says "Dysart". Drive down the driveway to the right, parking alongside the road, rather than by the houses to the left. You will walk east down an arroyo that leads to the river. Trails on this property are undeveloped. An old ranch road winds through the uplands of the the Preserve, or you can choose to walk alongside the river.
